March 12, 2020

Child Care Families,

In keeping with recommendations regarding the spread of COVID-19 from Governor Dewine, Stark County Health Department, and knowing there is a confirmed case within our county, the YMCA of Central Stark County will suspend all school age child care programming from March 16th through April 3rd 2020, in accordance with Stark County school districts.

Please note:

- Childcare families will not be charged for the weeks of suspended care.
- During this closure all program spaces and materials will be cleaned and sanitized.
- We will re-evaluate our delivery of services if and when circumstances change.

At the Y, strengthening community is our cause and temporarily suspending childcare programs is a strategy to help slow the further spread of COVID-19 in the Stark County community, ultimately protecting those most vulnerable amongst us.

Please contact us if you have any questions.

Sincerely,

YMCA of Central Stark County
330-491-9622

The Y: We're for youth development, healthy living and social responsibility
