GENERAL OVERVIEW

Executive Summary

City of Canton, Ohio's primary focus and use of fiscal recovery funds will be for mixture of infrastructure projects and programs addressing the negative economic impacts affecting the City. These projects will commence in 2021 and ramp up in 2022. The main objective will be to use the ARPA funds on programs that have a real impact on the City.

Uses of Funds

The City of Canton will partner with numerous entities throughout the City that will impact many areas that address the negative economic impacts of the pandemic. Many of these entities have been identified and have offered programming that will assist our residents. The City will address the business community by providing programs that will offer financial assistance to help them recover during these difficult times. The City will fund programs specifically targeted towards our vulnerable youth by partnering with our city schools through school credit recovery and employment opportunities. The City intends to address broadband deficiencies by targeting specific areas to promote growth and to help address the cities shrinking employment pool. The City will develop an internal tracking document that will categorize each type of expenditure.

Promoting equitable outcomes

A key component of the City of Canton's plan will be to reach all areas of the City. This includes partnering with multiple non-profit organizations in our most vulnerable and distressed areas. The intent will be to offer a variety of programs that impact education, employment, and the ability to have our residents receive the support that they need.

Community Engagement

The City of Canton will engage with the community through the use ARPA funds on a variety of projects. The City will also engage with community partners to develop the appropriate programs which will assist residents with their increasing needs. The City will reach out to the Canton City School District to identify ways that they can further partner and assist struggling households. This approach offers a collaborative and engaging effort, with numerous entities, to determine the most effective and impactful use of the funds.

Labor Practices

The City of Canton will follow all federal guidelines as they pertain to its expenditures. This includes all appropriate federal, state and local guidelines pertaining to prevailing wage, minority contracting and hiring requirements.
