Management's Discussion and Analysis

For the Year Ended December 31, 2021

The discussion and analysis of the Jackson-Canton Joint Economic Development District's (the "JEDD TWR") financial performance provides an overall review of the JEDD TWR's financial activities for the year ended December 31, 2021. The intent of this discussion and analysis is to look at the JEDD TWR's performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the JEDD TWR's financial performance.

Financial Highlights

- 2021 receipts and disbursements were \$3,735 and \$5,379, respectively, with net position decreasing \$1,644.

Using this Annual Financial Report

This report is designed to allow the reader to look at the financial activities of the JEDD TWR as a whole and is intended to allow the reader to obtain a summary view or a more detailed view of the JEDD TWR's operations, as they prefer.

The Statement of Net Position and the Statement of Activities provide information from a summary perspective showing the effects of the operations for the year ended December 31, 2021 and how they affected the operations of the JEDD TWR as a whole.

Basis of Accounting

The JEDD TWR has elected to present its financial statements on the cash basis of accounting. This cash basis of accounting is a comprehensive basis of accounting other than generally accepted accounting principles. The cash basis of accounting involves the measurement of cash and cash equivalents and changes in cash and cash equivalents resulting from cash receipt and disbursement transactions.

Essentially, the only assets reported on this strictly cash receipt and disbursement presentation in a statement of net position will be cash and cash equivalents. The statement of activities reports cash receipts and disbursements, or in other words, the sources and uses of cash and cash equivalents. Therefore, when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations resulting from the use of the cash basis accounting.

Reporting the JEDD TWR as a Whole

Statement of Net Position and the Statement of Activities

The *Statement of Net Position* and *Statement of Activities* provide information about the activities of the whole JEDD TWR, presenting both an aggregate view of the JEDD TWR's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending.

These two statements report the JEDD TWR's *net position* and *changes in net position*. This change in net position is important because it tells the reader that, for the JEDD TWR as a whole, the *financial position* of the JEDD TWR has improved or diminished. The causes of this change may be the result of many factors, some financial, some not.

Miscellaneous	-	-	-
<i>Total Receipts</i>	3,735	3,847	(112)
<i>Change in Net Position</i>	(1,644)	1,500	(3,144)
<i>Net Position at Beginning of Year</i>	1,500	-	1,500
<i>Net Position at End of Year</i>	\$ (144)	\$ 1,500	\$ (1,644)

Reporting the JEDD TWR's Most Significant Funds

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been safeguarded for specific activities or objectives. The JEDD TWR, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related requirements. All activities of the JEDD TWR are reported in the general fund.

Management's Discussion and Analysis
For the Year Ended December 31, 2021

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Governmental Activities and General Fund

The funding for the governmental activities comes from municipal income tax. The City of Canton, Ohio levies a municipal income tax on all salaries and net profits. From January 1, 2018 through June 30, 2018 the income tax was 2.0 percent and increased to 2.5 percent as of July 1, 2018. The City of Canton collects the income tax and remits it to the JEDD TWR for distribution in accordance with the JEDD TWR agreement the City of Canton and Jackson Township, which established the JEDD TWR.

The receipts and disbursements decreased from the prior year due to the timing of the collections of income tax on net profits of local businesses paying taxes. Receipts associated with net profit taxes are recognized when received or when income tax returns are remitted by local businesses.

Payment allocation will not always match the percentage split reported in Note 3 due to the timing of settlement payments made to the City of Canton and Jackson Township.

Contacting the JEDD TWR's Finance Department

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the JEDD TWR's finances and to show the JEDD TWR's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Treasurer, City of Canton, 424 Market Ave., North, 4th Floor, Canton, Ohio 44702.

*Notes to the Financial Statements
For the Year Ended December 31, 2021*

NOTE 1 – DESCRIPTION OF THE JEDD TWR

The Jackson-Canton Joint Economic Development District (the “JEDD TWR”) was created by an agreement (in effect as of August 22, 2011) entered into by Jackson Township (the “Township”) and the City of Canton (the “City”) for the purpose of facilitating economic development to create and preserve jobs and employment opportunities and improve the economic welfare of the people in the JEDD TWR district, the City, the Township, Stark County, and the State of Ohio. The City Treasurer shall be the appointed “Administrator” of the JEDD TWR and will administer, collect, and enforce the income tax on behalf of the JEDD TWR, which income tax has been levied in the JEDD TWR by the Board pursuant to the contract.

The Board of Directors consists of five members. One member from the City and the Township, one member representing the employer located within JEDD TWR appointed by the Township Trustees, one member representing the persons working within JEDD TWR appointed by Township Trustees, and the Chair of the Board shall be selected as set forth in the Ohio Revised Code Section 715.78(A)(1)(e). The member from the City shall be the Mayor or an elected member of Council, who is appointed by the Mayor and approved by Council. The Township member shall be from the Board of Township Trustees.

The term of the contract for the existence of the JEDD TWR shall be for fifty years from the date of the agreement. The agreement will be renewed for an additional fifty year term unless either party, by official legislative action, gives written notice to the other party of its intent not to renew on or before ninety days prior to the extension of the initial term.

The management of the JEDD TWR believes that these financial statements present all activities for which the JEDD TWR is financially accountable.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As discussed further in the Basis of Accounting section of this note, these financial statements are presented on a cash basis of accounting. This cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the cash basis of accounting. Following are the more significant of the JEDD TWR’s accounting policies.

Basis of Presentation

The JEDD TWR’s basic financial statements consist of government-wide statements, including a Statement of Net Position – Cash Basis and a Statement of Activities – Cash Basis, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements

The Statement of Net Position – Cash Basis and the Statement of Activities – Cash Basis display information about the JEDD TWR as a whole. These statements include the financial activities of the primary government.

Jackson-Canton Joint Economic Development District

Stark County, Ohio

*Notes to the Financial Statements
For the Year Ended December 31, 2021*

The Statement of Net Position presents the financial condition of governmental activities of the JEDD TWR at year-end. The Statement of Activities presents a comparison between direct disbursements and program receipts for each program or function of the JEDD TWR's governmental activities. Direct disbursements are those that are specifically associated with a service, program, or department and therefore are clearly identifiable to a particular function. JEDD TWR did not receive any program receipts and the primary general receipts reported were for income tax collections. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function is self-financing or draws from the general receipts of the JEDD TWR.

Fund Financial Statements

During the year, the JEDD TWR segregates transactions related to certain JEDD TWR functions or activities in a separate fund in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the JEDD TWR at this more detailed level. All activities of the JEDD TWR are reported in one fund, the general fund.

Fund Accounting

The JEDD TWR uses one fund to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The only category of funds reported for the JEDD TWR is governmental.

Governmental Funds

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used.

Basis of Accounting

The JEDD TWR's financial statements are prepared using the cash basis of accounting. Receipts are recorded in the JEDD TWR's financial records and reported in the financial statements when cash is received rather than when earned, and disbursements are recorded when cash is paid rather than when a liability is incurred.

Budgetary Data

The Ohio Revised Code does not require the JEDD TWR to budget annually; therefore, budgetary information for the JEDD TWR is not presented in the basic financial statements.

Cash with Fiscal Agent

All monies received by the JEDD TWR are held by the City which serves as fiscal agent. The money is held by the City in a pooled account with other City funds and therefore cannot be classified by risk under GASB Statement 40. Any risk associated with the cash of the City as a whole may be obtained from their audit report or by contacting the City directly.

Jackson-Canton Joint Economic Development District
Stark County, Ohio

Notes to the Financial Statements
For the Year Ended December 31, 2021

Fund Balance

In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the JEDD TWR classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The classifications are as follows:

Nonspendable – The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.

Restricted – Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed – The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance) of the JEDD TWR. Those committed amounts cannot be used for any other purpose unless the Board of Directors removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned – Amounts in the assigned fund balance classification are intended to be used by the JEDD TWR for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by the Board of Directors. The Board of Directors has, by resolution, authorized the Administrator to assign fund balance. The Board of Directors may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year’s appropriated budget.

Unassigned – Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed or assigned.

The JEDD TWR applies restricted resources first when disbursements are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when disbursements are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Jackson-Canton Joint Economic Development District
Stark County, Ohio

Notes to the Financial Statements
For the Year Ended December 31, 2021

Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net position is reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. At December 31, 2021, there was no net position restricted by enabling legislation.

The JEDD TWR applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

NOTE 3 – INCOME TAXES

The City of Canton levied a 2.0 percent income tax from January 1, 2018 through June 30, 2018, the levy was increased to 2.5 percent as of July 1, 2018, whose proceeds are placed into the income tax fund. The City of Canton and Jackson Township will share the income tax based on the JEDD TWR agreement.

Net income tax revenues will be split 50 percent Township and 50 percent City through June 30, 2018, the percentage from July 1, 2018 will be 40 percent for the Township and 60 percent for the City based on the JEDD TWR agreement.

NOTE 4– CONTRIBUTIONS

As part of the contract forming the JEDD TWR, the City provides certain services to the JEDD TWR. The Treasurer of the City is the Administrator of the income tax of JEDD TWR. The Administrator is responsible for the receipt, safekeeping and investment of the income tax receipts collected within the JEDD TWR. The Administrator may utilize the personnel of the City's Division of Taxation and others to assist in carrying out the duties of the administrator. The fair value of the services provided are not determined and not recorded in the financial statements.

NOTE 5– CONTRACTUAL COMMITMENTS

The JEDD TWR has no contractual commitments at December 31, 2021.
